NOTE.—London as a Registration Division and County consists of 30 Registration Districts, which are, with trifling exceptions (*see* foot notes), co-extensive with the Poor Law Unions of the same names. Its limits are identical with those of the Administrative County of London, except that the Civil Parish of Penge is included in the Administrative County, while for Registration purposes this parish, being comprised in Croydon Poor Law Union, forms part of Croydon Registration District (38) in Division II. Slight alterations have been made since 1881 in the constitution of Registration London, *see* note ^a below, and note ^a on page 14.

TABLE 2.—AREA, HOUSES and POPULATION of REGISTRATION DISTRICTS and SUB-DISTRICTS and of their constituent CIVIL PARISHES.

N.B.—In this Table the names of Registration Districts are printed in large capitals, those of Registration Sub-Districts in smaller capitals, and those of Civil Parishes in ordinary type. The figures relating to districts and sub-districts are printed opposite their respective names. Where a sub-district consists of part of a civil parish, the particulars of which are the same as those of the sub-district, the figures are not repeated, but the name of the parish is given in parenthesis under that of the sub-district, and the figures for the entire parish are given at the foot of the page.

GENERAL NOTES.—Where the name of the Registration County in which a parish is situated differs from that of the Administrative County to which it belongs, the name of the latter is added in *italics*. The parishes in Registration London, however, are all comprised within the Administrative County of London.

(W) or (WS) denotes that a Workhouse or Workhouse School *belonging to the District* is situated within the limits of the parish or part of parish; (w) or (ws) that one of these Institutions *not belonging to the District* is situated therein. A statement of the number of persons enumerated in Public Institutions in each district will be found in Table 8.

The places named in foot-notes as being included in civil parishes are mainly localities having no defined boundaries.

Under the Divided Parishes Acts of 1876, 1879, and 1882, numerous detached parts of civil parishes have been amalgamated with other civil parishes; the Act of 1882, however, does not apply to London, and only one detached part of a London parish has been dealt with under the provisions of the Act of 1876, the particulars of which are given in Table 14.

Revised AREAS of parishes and parts of parishes have been supplied by the Ordnance Survey Department.

The areas marked thus (w) either include water, or relate to parishes to which a portion of the tidal water or foreshore of contiguous rivers or creeks has been allotted. Such tidal water or foreshore is, however, not included in the areas. For details *see* Table 11.

Persons who, on the night of 5th April 1891, were on board barges or boats employed in inland navigation, and those who were on board sea-going and coasting vessels in harbours, rivers, and creeks, are included among the general population. For details *see* Table 9.

^a Including Bayswater and parts of Kilburn and Kensal Green. By Local Government Board Order No. 14714, dated 14th June 1883, confirming agreement as to boundaries under the Willesden Local Board Act of 1876, part of Paddington civil parish (containing 13 inhabited houses and a population of 208 in 1891) was transferred to Willesden civil parish in Div. III.

^b Including Brompton, Earl's Court, Notting Dale, and Notting Hill, and parts of Kensal Green and Knightsbridge; including also a detached part of 8 acres locally situated between the Royal Hospital, Chelsea, and the River Thames, the houses of which are said to be rated to the civil parish of Chelsea.

^a By the Act 20 Vict. c. 19, s. 3, it is provided that the Middle Temple shall not be added to any Union.

^b This "Village" or Township does not form part of any Union, but appears to have become a civil parish in 1829, the Steward of the Inn, by virtue of his office, being Overseer of the Poor for the time being. It includes part only of New Square, viz., Nos. 12, 13, and 14, the rest of the square being divided between the Liberty of the Rolls and the parishes of St. Clement Danes, and St. Giles in the Fields and St. George Bloomsbury.

^c By the Act 20 Vict. c. 19, s. 3, it is provided that Gray's Inn shall not be added to any Union.

^d A part of Staple Inn, including 1 inhabited house (containing 3 persons on the Census night) and 3 uninhabited houses is included in the Municipal City of London.

^e A part of Furnival's Inn, containing 5 inhabited houses and 24 population is included in the Municipal City of London.

^f This is part of the ancient and ecclesiastical parish of St. Sepulchre, the other

part being in the City of London; as, however, each part is separately rated for the poor, and has its own overseers, it forms a distinct civil parish.

^g The part of the civil parish of Clerkenwell constituting the Pentonville sub-district (13: 6) includes a detached part of 64½ acres, containing 54 inhabited houses and 318 population, locally situated at Hornsey. The Local Government Board have issued an Order (No. 29,215), under the provisions of the Divided Parishes Acts, for the amalgamation of this detached part with the parish of Hornsey, but ratepayers of Clerkenwell having given formal notice of objection to the Order under section 2 of the Act of 1876, the Order has become provisional and requires confirmation by Parliament.

^h For Poor Law and Registration purposes, this part of the ancient parish of St. Andrew Holborn, designated "above the Bars," has been united with the parish of St. George the Martyr. The other part of the ancient parish, known as "below the Bars," is included in London City Registration District, and forms a distinct civil parish.

ⁱ Including Finsbury and part of Hoxton.

^a A small part of Whitechapel parish (comprised in this sub-district), containing five inhabited houses and 42 population, is included in the Municipal City of London.

^b It would appear that the Tower of London, as an extra-parochial place, was incorporated for parochial purposes by the operation of the Act 31 & 32 Vict. c. 122.

^c 27, with the next adjoining parish with which it had the largest common boundary; the Local Government Board, however, is advised that doubt exists as to the parish which answers to this description, and in the above table, therefore, the Tower of London is shown separately.

* The Unions of Paddington and Kensington, which together formed the Registration District of Kensington until 1st January 1885, were on that date constituted separate Registration Districts.
† The excess of Deaths over Births in this District is due to the large number of deaths which occurred in Charing Cross and King's College Hospitals.
‡ The excess of Deaths over Births in this District is due to the large number of deaths which occurred in St. Bartholomew's Hospital.
§ On 1st April 1887 the Civil Parish of Mottingham, containing in 1891 a population of 1,037, was transferred from the Registration District of Lewisham to that of Bromley in Division II., and consequently the numbers of Marriages, Births, and Deaths in these Districts do not relate to precisely the same areas for the entire decennium.

TABLE 2.—AREA, HOUSES and POPULATION of REGISTRATION DISTRICTS and SUB-DISTRICTS and of their constituent CIVIL PARISHES.

N.B.—In this Table the names of Registration Districts are printed in large capitals, those of Registration Sub-Districts in smaller capitals, and those of Civil Parishes in ordinary type. The figures relating to Districts and Sub-Districts are printed opposite their respective names. Where a Sub-District consists of part of a Civil Parish, the particulars of which are the same as those for the Sub-District, the figures are not repeated, but the name of the Parish is given in parenthesis under that of the Sub-District, and the figures for the entire Parish are given at the foot of the page.

GENERAL NOTES.—The Registration Districts of this Division are co-extensive with Poor Law Unions, except Lewes, which comprises the four Unions of Chichester, Lewes, West Fife, and Newhaven; and Winchester, which comprises the two Unions of New Winchester and Hursley.

Where the name of the Registration County in which a Parish is situated differs from that of the Administrative County to which it belongs, the name of the latter is added in *italics*. For the purposes of this Table, however, East Sussex and West Sussex are treated as one County, and the Isle of Wight as part of Hampshire; and a County Borough is held to form part of that Administrative County within which its constituent Civil Parishes or parts of Parishes are locally situated. For lists of parishes within such Administrative County and County Borough, see Volume I.

(W) or (W.S.) denotes that a Workhouse or Workhouse School belonging to the District is situated within the limits of the Parish; (w) or (w.s.) that one of these institutions not belonging to the District is situated therein. A statement of the number of persons enumerated in Public Institutions in each district will be found in Table 8.

The places named in foot-notes as being included in Civil Parishes are Hamlets, Villages, &c., or localities having no defined boundaries.

Under the Divided Parishes Acts of 1876, 1879 and 1882 numerous detached parts of Civil Parishes have been amalgamated with other Civil Parishes; for details of these changes, see Table 14.

Revised AREAS of Civil Parishes and parts of Parishes have been supplied by the Ordnance Survey Department.

The areas marked thus (w) either include water, or relate to Parishes to which a portion of the tidal water or foreshore of contiguous rivers or creeks has been allotted. Such tidal water or foreshore is, however, not included in the areas; for details, see Table 11.

Persons who, on the night of the 5th April, 1891, were on board barges or boats employed in inland navigation, and those who were on board sea going and coasting vessels in harbours, rivers and creeks, are included among the general population; for details, see Table 9.

* See Table of Changes effected by the Divided Parishes Acts, page 168.

† A considerable proportion of the population of this Parish was enumerated in an Institution. See Table 8.

^a Including Burgh Heath.

^b Including Worcester Park.

^c Including Rushett.

^d Including Horton.

^e Including Tot Hill.

^a Comprising the formerly detached parts of the Civil Parish of Rowner (90:2) now amalgamated with Alverstone Civil Parish.

^b Burrow Island or Rat Island, being extra-parochial and the property of the Crown, does not appear to be in either a Rural or an Urban Sanitary District.

^c The part of this Parish not included in the Urban Sanitary District is the former Civil Parish of Knight's Enham, amalgamated with the Civil Parish of Andover under the Divided Parishes Act, 1882.

^d By Local Government Board Order, No. P. 751 (confirmed by Local Government Board's Provisional Orders Confirmation, No. 9, Act, 1891), which came into operation on the 9th November 1891, the area of the Urban Sanitary District of Basingstoke was extended to include this part of the Civil Parish of Eastrop.

^e This Urban Sanitary District was created by Local Government Board Order, No. 17,054, dated 7th May 1884.

^f The area of this Urban Sanitary District was extended by Local Government Board Order, No. P. 250, dated 4th June 1884.

* On the 1st April 1887 the Civil Parish of Mottingham, containing in 1881 a population of 1037, was transferred from the Registration District of Lewisham (Division I.) to that of Bromley; the numbers of Marriages, Births, and Deaths in these Districts do not therefore relate to precisely the same areas for the entire decennium.

* Registration Counties consist of groups of Registration Districts, which are generally co-extensive with Poor Law Unions, many of which Unions are situated in more than one Administrative County. The boundaries of Registration Counties, therefore, differ more or less from the boundaries of Administrative Counties. For differences in detail, see Table 13.

TABLE 2.—AREA, HOUSES and POPULATION of REGISTRATION DISTRICTS and SUB-DISTRICTS and of their constituent CIVIL PARISHES.

N.B.—In this Table the names of Registration Districts are printed in large capitals, those of Registration Sub-Districts in smaller capitals, and those of Civil Parishes in ordinary type. The figures relating to Districts and Sub-Districts are printed opposite their respective names. Where a Sub-District consists of part of a Civil Parish, the particulars of which are the same as those for the Sub-District, the figures are not repeated, but the name of the Parish is given in parenthesis under that of the Sub-District, and the figures for the entire Parish are given at the foot of the page.

GENERAL NOTES.—The Registration Districts of this Division are co-extensive with Poor Law Unions, except Royston, which comprises the two Unions of Buntingford and Royston, and Hatfield, which comprises the two Unions of Hatfield and Welwyn.

Where the name of a Registration County in which a Parish is situated differs from that of the Administrative County to which it belongs, the name of the latter is added in *italics*. For the purposes of this table, however, the Administrative Counties of Isle of Ely and Soke of Peterborough are treated as parts respectively of the Counties of Cambridge and Northampton; and a County Borough is held to form part of that Administrative County within which its constituent Civil Parishes or parts of Parishes are locally situated. For list of Parishes within each Administrative County and County Borough, see Volume I.

(W) or (W.S.) denotes that a Workhouse or Workhouse School *belonging to the District* is situated within the limits of the Parish; (w) or (w.s.) that one of these institutions *not belonging to the District* is situated therein. A statement of the number of persons enumerated in Public Institutions in each District will be found in Table 8.

The places named in foot-notes as being included in Civil Parishes are Hamlets, Villages, &c., or localities having no defined boundaries.

Under the Divided Parishes Acts of 1876, 1879 and 1882 numerous detached parts of Civil Parishes have been amalgamated with other Civil Parishes, and a statement of such transferences is given in Table 14.

Revised AREAS of Civil Parishes and parts of Parishes have been supplied by the Ordnance Survey Department.

The areas marked thus (w) either include water, or relate to Parishes to which a portion of the tidal water or foreshore of contiguous rivers or creeks has been allotted. Such tidal water or foreshore is, however, not included in the areas. For details see Table 11.

Persons who, on the night of 5th April, 1891, were on board barges or boats employed in inland navigation, and those who were on board sea-going and coasting vessels in harbours, rivers and creeks, are included among the general population. For details see Table 9.

* A considerable proportion of the population of this Parish was enumerated in Institutions. See Table 8.

* Including Lower Halliford.

^b Including Upper Halliford and Charlton.

The population of each town in 1891 is shown in round numbers by the character of the lettering of its name, as well as by the symbol which indicates its position. In the case of towns which have a population of between 10,000 and 250,000 each black dot (•) represents 10,000 inhabitants - thus

* Registration Counties consist of groups of Registration Districts, which are generally co-extensive with Poor Law Unions. As many of the Unions are situated in more than one Administrative County, the boundaries of Registration Counties usually differ more or less from those of Administrative Counties. For differences in detail see Table 13.

TABLE 2.—AREA, HOUSES and POPULATION of REGISTRATION DISTRICTS and SUB-DISTRICTS and of their constituent CIVIL PARISHES.

N.B.—In this Table the names of Registration Districts are printed in large capitals, those of Registration Sub-Districts in smaller capitals, and those of Civil Parishes in ordinary type. The figures relating to districts and sub-districts are printed opposite their respective names. Where a sub-district consists of part of a civil parish, the particulars of which are the same as those of the sub-district, the figures are not repeated, but the name of the parish is given in parenthesis under that of the sub-district, and the figures for the entire parish are given at the foot of the page.

GENERAL NOTES.—All the Registration Districts of this Division are co-extensive with Poor Law Unions.

Where the name of the Registration County in which a Parish is situated differs from that of the Administrative County to which it belongs, the name of the latter is added in *italics*. For the purposes of this Table, however, East and West Suffolk are treated as one County; and a County Borough is held to form part of that Administrative County within which its constituent Civil Parishes or parts of Parishes are locally situated. For lists of Parishes within each Administrative County and County Borough, see Volume I.

(W) or (WS) denotes that a Workhouse or Workhouse School *belonging to the District* is situated within the limits of the Parish; (w) or (ws) that one of these Institutions *not belonging to the District* is situated therein. A statement of the number of persons enumerated in Public Institutions in each district will be found in Table 8.

The places named in foot-notes as being included in Civil Parishes are Hamlets, Villages, &c., or localities having no defined boundaries.

Under the Divided Parishes Acts of 1876, 1879, and 1882, numerous detached parts of civil parishes have been amalgamated with other civil parishes; for details of these changes, see Table 14.

Revised AREAS of Civil Parishes and parts of parishes have been supplied by the Ordnance Survey Department.

The areas marked thus (w) either include water or relate to parishes to which a portion of the tidal water or foreshore of contiguous rivers or creeks has been allotted. Such tidal water or foreshore is, however, not included in the areas. For details, see Table 11.

Persons who, on the night of 5th April 1891, were on board barges or boats employed in inland navigation, and those who were on board sea-going and coasting vessels in harbours, rivers, and creeks, are included among the general population. For details, see Table 9.

* See Table of Changes effected by the Divided Parishes Acts, page 372.

^a On 1st January 1890 the parishes of East Ham and Little Ilford were severed from West Ham sub-district and constituted the sub-district of East Ham; on 1st May 1891 the sub-district of West Ham, as thus altered, was divided into three sub-districts, viz., Plaistow, Canning Town, and Forest Gate.

^b Including Canning Town, Forest Gate, Plaistow, Silvertown, Stratford, Stratford New Town, and Upton.

† The large increase in the population of this parish is attributed to the establishment of Tilbury Docks within its area.

‡ The apparent decrease in the population of this parish is due to there having been a larger shipping population present in 1881 than in 1891.

^a On 1st April 1883 the sub-district of Great Burstead was abolished and the civil parishes comprised in it were transferred to the sub-districts of Brentwood and Wickford.

^b The increase in the population of Little Warley is due to the augmentation of the military force, stationed in this part of Warley Barracks, the inmates of which now number 1,019.

^c The increase in the population of the parish of South Weald is attributed to the residence of a number of persons connected with the Essex County Lunatic

Asylum and to the large increase of the inmates of the same institution, viz., from 836 in 1881 to 1,469 in 1891.

^d Including Billericay and South Green.

^e Including Crays Hill.

^f Including Ramsden Heath.

* On 1st July 1891 the Civil Parish of Gorleston was transferred from the Registration District of Mutford, in the Registration County of Suffolk, to that of Yarmouth, in the Registration County of Norfolk, and in the statement of population in Table 2 this alteration is taken into account: for better comparison, however, with the figures of Marriages, Births, and Deaths, the populations in this Table relate to the counties and districts as constituted before the alteration.
† On 1st June, 1884, the Civil Parish of North Walsham containing in 1891 a population of 3,612, was transferred from the Registration District of Erpingham to that of Smallburgh, and consequently the numbers of Marriages, Births, and Deaths in those districts do not relate to precisely the same area for the entire decennium.

The population of each town (in 1891) is shown in round numbers by the character of the lettering of its name, as well as by the symbol which indicates its position. In the case of towns which have a population of between 10,000 and 250,000 each black dot (•) represents 10,000 inhabitants—thus

* Registration Counties consist of groups of Registration Districts, which are generally co-extensive with Poor Law Unions, many of which Unions are situated in more than one Administrative County. The boundaries of Registration Counties, therefore, differ more or less from the boundaries of Administrative Counties. For differences in detail, see Table 13.

TABLE 2.—AREA, HOUSES and POPULATION of REGISTRATION DISTRICTS and SUB-DISTRICTS and of their constituent CIVIL PARISHES.

N.B.—In this Table the Names of Registration Districts are printed in large capitals, those of Registration Sub-Districts in smaller capitals, and those of Civil Parishes in ordinary type. The figures relating to districts and sub-districts are printed opposite their respective names. Where a sub-district consists of part of a civil parish, the particulars of which are the same as those for the sub-district, the figures are not repeated, but the name of the parish is given in parenthesis under that of the sub-district, and the figures for the entire parish are given at the foot of the page.

GENERAL NOTES.—The Registration Districts of this Division are co-extensive with Poor Law Unions, except Dorchester, which comprises the two Unions of Dorchester and Cerne.

Where the name of a Registration County in which a Parish is situated differs from that of the Administrative County to which it belongs, the name of the latter is added in *italics*. For the purposes of this Table a County Borough is held to form part of that Administrative County within which its constituent Civil Parishes or parts of Parishes are locally situated. For lists of Parishes within each Administrative County and County Borough, see Volume I.

(W) or (W.S.) denotes that a Workhouse or Workhouse School *belonging to the District* is situated within the limits of the Parish; (w) or (w.s.) that one of these Institutions *not belonging to the District* is situated therein. A statement of the number of persons enumerated in Public Institutions in each district will be found in Table 8.

The places named in foot-notes as being included in Civil Parishes are Hamlets, Villages, &c., or localities having no defined boundaries.

Under the Divided Parishes Acts of 1876, 1879, and 1882 numerous detached parts of Civil Parishes have been amalgamated with other Civil Parishes; for details of these changes, see Table 14.

Revised AREAS of Civil Parishes and parts of Parishes have been supplied by the Ordnance Survey Department.

The areas marked thus (w) either include water, or relate to Parishes to which a portion of the tidal water or foreshore of contiguous rivers or creeks has been allotted. Such tidal water or foreshore is, however, not included in the areas. For details, see Table 11.

Persons who, on the night of 5th April 1891, were on board barges or boats employed in inland navigation, and those who were on board sea-going and coasting vessels in harbours, rivers, and creeks, are included among the general population; for details, see Table 9.

* See Table of Changes effected by the Divided Parishes Acts, page 496.

^a Including Eastrop, Sevenhampton, South Marston, and Westrop.

^b Including a detached part locally situated between Castle Eaton and Kington.

^c Including Haydon Wick and Moredon.

^d Including Kingsdown.

^e By an Order of the Wilts County Council (confirmed by Local Government Board Order No. 25,337), which came into operation on the 20th September 1891, the hamlet of Gorse Hill, in the parish of Stratton St. Margaret, and the hamlet of Even Swindon, in the parish of Rodbourne Cheney, were amalgamated with the parish of Swindon.

^c The area of the Municipal Borough was extended to correspond with that of the previously existing Urban Sanitary District by Local Government Board Order, No. P. 621 (confirmed by Local Government Board's Provisional Orders Confirmation, No. 9, Act, 1889), which came into operation on the 9th November 1889.

^d According to a return furnished by the Ordnance Survey Department this area includes .68 and .54 of an acre respectively within Bryanston, and Blandford St. Mary Civil Parishes.

^e By Local Government Board Order, No. 18,101, which took effect on the 25th March 1886, the parts of the Civil Parishes of Durlough and Wembdon within the Municipal Borough of Bridgwater were added to the Civil Parish of Bridgwater.

^c The part of this Civil Parish not included in the Urban Sanitary District comprises a formerly detached part of Glastonbury Civil Parish now amalgamated with Street Civil Parish.

^d Formerly a detached part of the Civil Parish of Street.

^e All the parts of the Civil Parishes of Rodbourne Cheney and Stratton St. Margaret within the Urban Sanitary District of New Swindon were amalgamated with the Civil Parish of Swindon by an Order of the Wilts County Council, confirmed by Local Government Board Order, No. 25,937, dated 24th September 1890.
